The American Independent Party of California

Endorses Yvette Corkrean for State Senate

SAN FRANCISCO—The American Independent Party of California (AIP) has officially endorsed Yvette Corkrean as the independent voter's favored candidate for State Senate District 11. Yvette received this independent endorsement because of her common-sense solutions to California's most serious problems.

Independent voters throughout District 11 view Yvette as a refreshing alternative to the destructive gridlock perpetuated by California's one party dominated politics.

"The American Independent Party supports leaders who can transcend political partisanship and inspire real change in Sacramento. Yvette resonates across the political spectrum among all people because of her no-nonsense approach," said Victor Marani, AIP State Chairman. Yvette has a new vision for a bright future. Yvette is clearly the best candidate for State Senate."

With the increased political polarization of recent years, more California voters than ever identify themselves as independent. With over 860,000 AIP members state-wide, the AIP is one of the state's fastest-growing political parties and is committed to supporting independent, forward-thinking candidates.

With this endorsement, the AIP affirms its belief that Yvette is the candidate who will bring fresh ideas and genuine change to Sacramento. This significant endorsement is yet another sign of the confidence and trust organizations have in Yvette.

When elected State Senator, Yvette's priorities will be restoring public safety, revitalizing the economy and addressing the cost of living. She believes we must cut government spending, lower taxes and help local businesses both big and small.

Other endorsements include the California State Sheriffs' Association, California Fraternal Order of Police, Crime Victims United - The Voice for Victims and Public Safety, Howard Jarvis Taxpayers Association, Business and Housing Network (BAHN), Equal Rights for All, California Young Republican Federation (CYRF), CAGOP and the Republican Parties of San Francisco & San Mateo Counties.
